 BREAKFAST.
 "By a thorough knowledge of the natural laws which govern
 the operations of digestion and nutrition, and by a careful
 application of the fine properties of well selected Cocoa, Mr.
 Epps has provided our breakfast tables with a deliciously
 flavored beverage which may save us many heavy doctors' bills.
 It is by the judicious use of such articles of diet that a consti-
 tution may be gradually built up until strong enough to resist
 every tendency to disease. Hundreds of subtle maladies are
 floating around us ready to attack wherever there is a weak
 point. We may escape many a fatal ailment by keeping ourselves
 well fortified with pure blood and a properly nourished frame."
